Hospital bed

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: WG03047

Hospital bed 1 is a basic model which, despite its simple structure, significantly increases its functionality thanks to the availability of a wide range of additional options. The bed has a stable steel structure with a constant height, covered with powder paint. The two-segment lair of the bed is filled with a steel mesh, also powder-coated. The tops of the bed are filled with a damage-resistant and easy-to-clean HPL board. The design has 4 road wheels with a brake.
