

Protective goggles for laser therapy

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00890

Universal safety goggles for laser therapy.

Infrared convergent probe 830nm, 100mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00880

- Make your choice between a wide range of red and infrared probes
- Output power up to 400mW

Key features:

- Infrared probe (convergent) - 830nm / 100mW Infrared probes have a greater penetration depth in the tissue
- Infrared probes are equipped with an additional pilot beam
- Large selection of red and infrared probes available with output power up to 400mW
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Infrared convergent probe 830nm, 200mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00881

- Infrared probe with additional pilot beam 830nm / 200mW

Main features:

- Choice of optical attachments for ENT, urology, dentistry and gynecology

Infrared convergent probe 830nm, 300mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00882

- Infrared probe with additional pilot beam
- 830nm / 300mW
- Make your choice between a wide range of red and infrared probes
- Output power up to 400mW

Main features:

- Infrared probe (convergent) - 830nm / 300mW
- Infrared probes have a greater penetration depth in the tissue
- Infrared probes are equipped with an additional pilot beam
- Large selection of red and infrared probes available with output power up to 400mW
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Infrared convergent probe 830nm, 400mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00883

- Infrared probe with additional pilot beam
- 830nm / 400mW
- Make your choice between a wide range of red and infrared probes
- Output power up to 400mW

Main features:

- Infrared probe (convergent) - 830nm / 400mW
- Infrared probes have a greater penetration depth in the tissue
- Infrared probes are equipped with an additional pilot beam
- Large selection of red and infrared probes available with output power up to 400mW
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Red probe 685nm / 30mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00878

SONDY LASEROWE PUNKTOWE	
Body laserowe - ciemnoniebieskie	2 000 zł
Relejonowa, 100cm, 100W	3 150 zł
Relejonowa, 100cm, 100W	
SONDY LASEROWE PRZECIENOWE	
Relejonowa, 100cm, 100W	2 000 zł
Relejonowa, 100cm, 100W	2 150 zł
Relejonowa, 100cm, 100W	2 300 zł
Relejonowa, 100cm, 100W	2 450 zł

Red probe:

685nm / 30mW Main features:

- Red Probe (divergent) - 685nm / 30mW
- Red probes are recommended for treatment of superficial areas, such as wounds, scars and bruises
- Large selection of red and infrared probes available with output power up to 400mW
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Red probe 685nm / 50mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00879

Red probe:
685nm / 50mW

Main features:

- Red Probe (divergent) - 685nm / 50mW
- Red probes are recommended for treatment of superficial areas, such as wounds, scars and bruises
- Large selection of red and infrared probes available with output power up to 400mW
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Infrared laser Cluster 1600mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00886

- Total output power up to 1600mW
- Save your time: Efficient treatment of large areas by high BTL laser clusters

Key features:

- Infrared laser shower - total output power 1600mW, 4x 400mW / 830nm, 13x 16mW / 470nm (blue light)
- Extremely effective treatment of large areas
- The homogeneous laser beam treats easily even areas over 50cm²
- The laser clusters are equipped with 13 high luminescence LEDs with wavelength of 470nm suitable for aesthetic applications (acne, hypo-pigmentation, etc.)
- Continuous and pulse mode
- Equipped with additional pilot beam
- Wide range of powerful laser clusters: red, infrared and combined with output power up to 1800mW available
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Infrared laser Cluster, 800mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00887

- Total output power 800mW
- Total output power up to 800mW
- Save your time: Efficient treatment of large areas by high BTL laser cluster

Key features:

- Infrared laser shower - total output power 800mW, 200mW 4x / 830nm, 13x 16mW / 470nm (blue light)
- Extremely effective treatment of large areas
- The homogeneous laser beam treats easily even areas over 50cm²
- The laser clusters are equipped with 13 high luminescence LEDs with wavelength of 470nm suitable for aesthetic applications (acne, hypo-pigmentation, etc.)
- Continuous and pulse mode
- Equipped with additional pilot beam
- Wide range of powerful laser clusters: red, infrared and combined with output power up to 1800mW available
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Combined (infrared and red) laser cluster, 1000mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00888

- Total output power up to 1000mW
- Save your time: Efficient treatment of large areas by high BTL laser clusters

Key features:

- Combined (red & infrared) laser shower - total output power 1000mW, 4x 50mW / 685nm, 4x 200mW / 830nm, 13x 16mW / 470nm (blue light)
- Extremely effective treatment of large areas
- The homogeneous laser beam treats easily even areas over 50cm²
- The laser clusters are equipped with 13 high luminescence LEDs with wavelength of 470nm suitable for aesthetic applications (acne, hypo-pigmentation, etc.)
- Continuous and pulse mode
- Equipped with additional pilot beam
- Wide range of powerful laser clusters: red, infrared and combined with output power up to 1800mW available
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Combined (infrared and red) laser cluster, 1800mW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00889

- Total output power up to 1800mW
- Save your time: Efficient treatment of large areas by high BTL laser clusters

Main features:

- Combined (red & infrared) laser shower - total output power 1800mW, 4x 50mW / 685nm, 4x 400mW / 830nm, 13x 16mW / 470nm (blue light)
- Extremely effective treatment of large areas
- The homogeneous laser beam treats easily even areas over 50cm²
- The laser clusters are equipped with 13 high luminescence LEDs with wavelength of 470nm suitable for aesthetic applications (acne, hypo-pigmentation, etc.)
- Continuous and pulse mode
- Equipped with additional pilot beam
- Wide range of powerful laser clusters: red, infrared and combined with output power up to 1800mW available
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

Red laser cluster, 200MW

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD00884

- total output power 200mW
- Total output power up to 200mW
- Save your time: Efficient treatment of large areas by high BTL laser clusters

Main features:

- Red laser shower - total output power 200mW, 4x 50mW / 685nm, 13x 16mW / 470nm (blue light)
- Extremely effective treatment of large areas
- The homogeneous laser beam treats easily even areas over 50cm²
- The laser clusters are equipped with 13 high luminescence LEDs with wavelength of 470nm suitable for aesthetic applications (acne, hypo-pigmentation, etc.)
- Continuous and pulse mode
- Equipped with additional pilot beam
- Wide range of powerful laser clusters: red, infrared and combined with output power up to 1800mW available
- Option for the holder for laser and probes for easy and comfortable laser application
- Choice of optical attachments for ENT, urology, dentistry and gynecology

BTL-CPMOTION K ELITE

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: IN01018

BTL-CPMOTION K ELITE

- Ultimate all-in-one solution – single unit for all 3 leg joints
- Remote control with touch screen
- Advanced settings Main features
- Ankle module
- Precise real-time patient's threshold angle setting
- 13 automatic pre-set protocols
- Up to 50 user-defined protocols
- Faster movements for improved therapy outcomes
- Unique click system – no manual tightening needed
- Remote control with touch screen

Trolley for BTL-5000, BTL-6000

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: AD01017

BTL-CPMotion K EASY

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: IN00870

Product information: BTL-CPMOTION K EASY

Economy model for knee and hip joints

- Economy model for knee and hip joints
- User friendly LED interface
- START/STOP remote control

Main features

- Faster movements for improved therapy outcomes
- Unique click system - no manual tightening needed
- START/STOP remote control
- Knee extension/flexion –10°/123°

BTL-CPMotion K Pro

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: IN00871

Product information: BTL-CPMOTION K PRO Professional model for knee and hip joints

- Professional model for knee and hip joints
- Remote control with touch screen
- Advanced settings

Main features

- Precise real-time patient's threshold angle setting
- 13 automatic pre-set protocols
- Up to 50 user-defined protocols
- Faster movements for improved therapy outcomes
- Unique click system – no manual tightening needed
- Remote control with touch screen
- **Advanced therapy settings**
- **Automatic pre-set protocols**
- **User-defined protocols**
- **Knee extension/flexion –10°/123°**
