

Arterial Insufficiency Leg

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: SM01547

Arterial Insufficiency Leg is a great tool for teaching, training, competency testing and skills assessment in the care of patients with this condition. The following conditions are represented on “Annie” Arterial Insufficiency Leg: Arterial Ulcers, Necrotic Toes, Eschar Heel, Charcot Foot, Diabetic Foot Ulcer, Cellulitis, Dystrophic Nail, Mottling, Callous and Heel Fissures. This model also includes a unique Arterial Doppler Sound module with individual buttons to activate the following doppler sounds: Monophasic, Biphasic, Triphasic and Venous. An Optional Display Stand is available which permits ‘Annie’ to pivot from above the knee, providing a realistic experience in supporting the leg while practicing compression wrapping, dressing changes or identifying conditions.

Delivery without stand. Stand is not included and can be ordered separately with ref.no. R11020A.
