

Feline CPR Manikin Fluffy

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: M01643

The manikin has realistic working lungs and an artificial pulse. Students learn to perform feline compressions and mouth-to-snout resuscitation. It is also designed to splint and allow bandaging. Parts can be cleaned and are disposable.

Accessories include a carrying case and 5 disposable lungs. Face shields are sold separately.
