

Skin, hair and nails - a desk model

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MA02193

With the help of this model it is easy to compare hairy and hairless skin structures:

- sensitive blood cells
- blood vessels
- sweat gland
- nerves
- hair and hair roots

In addition, the nail cross-sectional model shows:

- nail bed
- nail plate
- nail root

The model complements the enlarged hair root. **specifications:**

- dimensions: 10cm x 12cm x 11cm
- weight: approx. 0.2 kg
- advanced painting
- delivered based on
