

## Foot skeleton on Nylon

**Price inquiry:** +48 605999769, [kontakt@openmedis.pl](mailto:kontakt@openmedis.pl)

Product code: MA02289

This foot skeleton is very handy for those who want to study single bones in detail. Because of the loose mounting on nylon wire all bones can be separated and studied individually. Nevertheless they always stay in correct anatomical position within the foot.
