

Heart model, 2x enlarged, 4 parts

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MA02584

This model shows in great detail all the essential structures of the human heart. The right half is removable and shows the inner chambers and valves of the heart. The left ventricle and the ear of the heart strengthen and expose the atrium, mitral valve and muscles.

Size: 15 x 13 x 24 cm, **weight:** 0.7 kg
