

Permanent teeth model

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MA02650

This life-size model shows the upper and lower jaw of an adult. The lower jaw is movable to recreate the natural chewing process. The model displays the entire set of permanent teeth, along with the roots and nerve fibers. Mounted on a stand.

Size: 11 x 11 x 12 cm, weight: 0.2 kg
