

Manual blood pumping system with Reservoir - Backpack

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: SM02843

This blood supply module fits perfectly to our wound moulages with bleeding function. The reservoir backpack holds up to 3 liters of artificial blood which can be pumped into up to 4 wounds simultaneously. Because of the backpack design the blood supply is not obvious to see and integrates perfectly into your training scenario. The reservoir bag has an extra big opening to allow easy emptying and cleaning.
