

## Complex Blood Vessel

**Price inquiry:** +48 605999769, [kontakt@openmedis.pl](mailto:kontakt@openmedis.pl)

Product code: FR02882

**Complex Blood Vessels** for R&D is a feature that can be implemented to any location of the brain or simply submerged in a brain mimicking material used to fill the skull or head phantom. The vessel network shown on the image is made out of our proprietary blood vessel mimicking material with realistic acoustical and MRI properties.
