

Bifurcation

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: FR02883

Bifurcation for R&D is a feature that can be implemented to any location of the brain/blood vessels or simply submerged in a brain mimicking material used to fill the skull or head phantom.

The features shown on the image is made out of our proprietary blood vessel mimicking material with realistic acoustical and MRI properties.
