

Parent Education Baby, male, light skin, 2.4kg

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: SM02888

This Newborn baby doll can be used for nappy practice and baby care courses for parents. The movable doll can be used for holding and carrying practice, practice of navel care, skin care and nappy practice. The model weighs approx. 2,4 kg, but feels a little heavier because of missing body tension in comparison with a real baby. It has a slightly open mouth and can be used for breastfeeding practice. A stump of the umbilical cord is present to allow navel care practice. Skin folds allow training of proper body hygiene. Head, arms and legs are movable.

Male version 2.4 kg
