

Large RealFlow Suture Pad Light Skin

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: SM02949

A simulated system of vessels is added into our 6-Layer formula to add the learning challenge of suturing while your patient is actively bleeding.

Additional information:

- Designed with the purpose of more accurately teaching vessel ligation and bleeding management, the RealFlow Suture Pads also allow for practice with superficial and deep incisions, needle placement, uniformity of suture patterns, and knot tying.
