

Stationary couch R02 (regulated high)

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: WG03044

The R02 stationary couch is a classic model designed to perform physical examinations, injections or remove sutures. A stationary couch will work well in medical and physiotherapeutic offices.

The main advantages of the R02 stationary couch:

- Regulated high.
- Stable frame made of powder-coated steel profiles. Thanks to powder coating, the stationary couch gains anti-corrosive properties.
- The possibility of adjusting the height, width and additional options.
- Choice of the color of the upholstery and the frame.
- You can also choose additional options for the couch (additional fee).

Includes:

- three-segment couch
- face gap with a cap,
- the headrest of the bed,
- couch footrest,
- the couch is available in two widths and two heights to choose from - 55 cm or 70 cm.

Product dimensions:
