Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: SR03263

High-quality pillow for sitting and exercising, filling with air with the help of the attached pump. Recommended by physiotherapists for sitting, especially for people with back problems and spending a lot of time in front of a computer or TV. While sitting, the cushion activates the muscles, thus forcing a better posture and supporting the spine. The pillow is made of a soft and pleasant to the touch material.
