

Dissection model of a pregnant cat

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MZ03783

This model of a skinned cat is an excellent addition to the practical preparation and provides a simple visualization of the superficial muscles. This 9-piece model contains removable internal organs such as liver, heart, lungs and stomach. In the right uterine horn, a fetus is depicted. Numbered key included. On basis. Size: 39 x 53 x 17.8 cm, i.e. approximately life-size.
