

Real Suture Simulated Rabbit Tissue

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MZ03794

The rabbit Suture Pad represents the first six layers of a rabbit's abdominal wall, with epidermis, subcutis, superficial fascia layer, muscle and deep fascia layer. Each layer is designed to faithfully reflect the tissue layer, texture and relative abdominal wall thickness of a laboratory animal.
