

Head and Neck, 5-part

Price inquiry: +48 605999769, kontakt@openmedis.pl

Product code: MA00704

The presented model shows the head and neck divided in the middle section. Individual elements of the anatomical structure have been numbered. The skin and facial muscles on the right side of the face of the model are removed to represent deeper midwifery structures. The eyeball, bone covering the maxillary sinus and right half of the tongue are removed.

Additional information:

- Size: 38 x 40 x 28 cm
